Leaders make tomorrow different from today by conscious intention. Leadership happens throughout organizations, not just at the top. Everyone has a leadership horizon and everyone can increase it. How big your leadership horizon gets depends on the leadership skills you have and exercise. TLS is a program of sharing and learning with experts. It enhances your skills for engaging in leadership activities and producing leadership results. All training includes one hour of telephone coaching to get you launched after the course.

This Learning Module:

Effective Discussion in Group Situations (LS1)

Whenever people interact their conversation or discussions go well, are mediocre or descend into dysfunction. There are reasons for each situation. This learning module demonstrates why conversations become satisfactory, mediocre or dysfunctional, how to design and lead a satisfying discussion and how to rescue a dysfunctional one.

Do you need to:

- Lead groups more effectively?
- Make meetings more productive?
- Focus a diverse group's energy on a common goal?
- Create a sense of teamwork?
- Improve staff morale?

If the answer to any of the above is YES then you need *Effective Discussion*.

Effective discussion is the first cornerstone for the TSL Program. This learning module provides you with an effective step by step process to help clarify discussions and bring them to closure. Learn how to organize ideas and keep discussions moving in any group.
